

Arley History Curriculum

Intent:

Our curriculum is rooted in the National Curriculum and thoughtfully designed to extend pupils' understanding of the world beyond Arley. By building knowledge within a secure chronological framework, learning is coherent and purposeful over time. It is inclusive and ambitious, underpinned by high expectations for all pupils, and crafted to be engaging and memorable so that learning endures beyond the classroom.

Long Term Plan

	Term		
Year Group	1	2	3
